DEAD ON TIME

From the creator of STAR SABRE comes the exciting arcade shoot 'em up DEAD ON TIME! Try to survive the attacking alien hordes for as long as possible in ARCADE MODE or score as many points as possible in the SCORE CHALLENGE MODE.

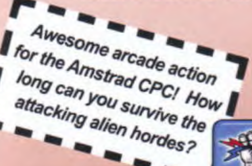

Collect CAPSULES dropped by destroyed enemy waves to keep your timer from running out. Collect 3 capsules the same colour to trigger the BULLET FIELD, which for a short time allows you to absorb enemy fire for an even greater time bonus.

Featuring multidirectional arcade action, colourful enemy sprites and exhilirating soundtracks, Dead on Time is the thinking man's shoot 'em up!

Screen pictures shown from Amstrad CPC version of game.
